SKILLS

- **Languages:** C++, Python, C, Java, DSA
- **Data Science:** NumPy, Pandas, EDA, Tensor Flow
- **Visualization:** Matplotlib, Seaborn, Microsoft Excel, Power BI
- **Tools/Platforms:** MySQL, Git, GitHub
- **Soft Skills:** Problem Solving, Team Player, Leadership, Adaptable

PROJECT

AI-Powered Fake News Detection System | GitHub — Sep' 25 – Nov' 24

- Engineered an AI-driven fake news detection platform using NLP and ML pipelines, optimized through data preprocessing and model tuning.
- Leveraged Hugging Face Transformers for sentiment analysis, text classification, and credibility assessment.
- Architected RESTful APIs with FastAPI to deliver real-time predictions, credibility score breakdowns, and source reputation insights.
- Crafted a responsive frontend interface to ensure smooth user interaction and clear visualization of analysis results.

Tech: FastAPI, React.js, NLP, Machine Learning, JavaScript, HTML, CSS

Gardening Assistance Chatbot | GitHub — Feb' 25 – Mar' 25

- Designed a conversational chatbot to provide plant care recommendations and gardening guidance.
- Enabled user authentication, image uploads for plant identification, and live plant information retrieval via external APIs.
- Integrated Google Drive for secure storage and management of user-uploaded images.
- Combined conversational AI with web and cloud technologies to deliver a personalized user experience.

Tech: Python, HTML, CSS, APIs, Google Drive API

TRAINING

C++ Programming: OOPs and Data Structures | Certificate — Jun' 25 – Aug' 25

- Built a solid foundation in C++ programming, covering syntax, control structures, and core language features.
- Applied Object-Oriented Programming OOP principles including classes, inheritance, polymorphism, and encapsulation to structure programs effectively.
- Implemented fundamental Data Structures and Algorithms DSA such as arrays, linked lists, stacks, queues, and basic searching/sorting techniques.

Tech: C++, Object-Oriented Programming, Data Structures & Algorithms.

CERTIFICATES

- Cloud Computing – NPTEL IIT Kharagpur | Link — Sep' 25
- C++ Programming: OPPs and DSA – CSE Pathshala | Link — Mar' 25
- Introduction to Git and GitHub – Google | Link — Apr' 24
- Intro to Hardware and Operating Systems – IBM | Link — Jul' 24

ACHIEVEMENTS

- Solved 200+ problems on LeetCode, strengthening problem-solving skills in data structures, algorithms, and logical reasoning.

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; CGPA: 6.38 — Aug' 23 – Present
- **DVC Viveka Junior College** — Ponnur, Andhra Pradesh
  Intermediate; Percentage: 81% — Apr' 18 – Mar' 20
- **ST. Ann's School** — Ponnur, Andhra Pradesh
  Matriculation; Percentage: 76% — Apr' 10 – Mar' 20
